

Black Hills Power Residential Rebate Application

To Apply For Rebate

Please complete and submit this form to your local Black Hills Power office, along with "PROOF OF PURCHASE" to begin processing your rebate. Please provide all pertinent information on this form so it can be processed immediately.

All Water Heaters, Demand Controllers, Heat Pumps, and Geothermal systems are subject to inspection by a BHP Service Technician prior to rebate approval. Rebate applications must be submitted within 12 months from date of purchase.

Tax Information

Rebates may be subject to federal and/or state income tax reporting. Applicant is responsible for contacting a qualified advisor to determine tax liability. BHP is not responsible for any tax consequences of the rebate program.

Rebate Check List

Get your rebate check faster off these easy steps before mailing your application form to Black Hills Power.

- Application completely filled out.
- All receipts and required documents attached.
- Reviewed Terms and Conditions.
- Reviewed Rebate Availability.
- Made copies of all documents for your file.
- Dealer portion completed by dealer.

Terms And Conditions

General Eligibility

This program offers financial incentives for the purchase of electric heating, cooling, water heating equipment and other energy efficiency and demand side management equipment. To qualify for rebates, an applicant must meet the following eligibility requirements:

1. Applicant must be a current residential customer of Black Hills Power.
2. Applications will be processed on a first come first served basis. The program will end when the budget is depleted. Funds are limited.
3. This program is subject to regulatory rules and orders, and Black Hills Power reserves the right to change or to end any portion of this program without notice.
4. To avoid delay, a dealer invoice returned with your rebate application must include manufacturer information and qualified efficiency ratings. Equipment cost, labor, and tax must be itemized.
5. Checks will be made payable to customer shown on rebate form and/or invoice.
6. To qualify for rebate, heating equipment must meet minimum requirements as listed in this application.
7. The rebate program is effective Sept. 1, 2011
